Isn't it a real challenge - you move to a new area and you've got to find a new dentist, doctor, hairdresser and a new Veterinarian for your Pet.

It can be really hard and challenging choosing a new pet care provider, as there are so many around. Who do you TRUST?

And it's a really critical decision to make, isn't it - making sure that your pet receives the level of care that you want.

You really need to be totally sure – don't you!

Once you walk in through our doors and try us, once you and your pet receive that level of caring attention that you'll get here, you'll be so pleased – (no in fact you'll be absolutely delighted with the friendly caring service and the fact that we treat your pet as a valued family member) that you'll just want to keep coming back.

So we're going to make it **risk-free** for you to try us out for that very important first time! You'll receive your first consultation **FREE**, with our compliments. That's a saving of \$55 (our normal consultation fee).
